Kia koutou,

Re: Scooter racks

We have noticed there are a lot of rusted and unused padlocks left on our scooter racks which makes it difficult for children to park their scooter in the spaces.

All padlocks will need to be removed from the racks by 3:00pm, Friday 5 April.
Any remaining padlocks will be cut off.

From Monday 8 April, if your child rides a scooter to and from school, they will now need to bring their own padlock and take the padlock home with them each afternoon.

Children will not have their own permanent spot.

Ngā mihi.

Nā.
