Mathletics 2019: Information and Subscriptions

Kia Ora Edendale whānau,

This year Mathletics subscriptions are available to **Year 2-6 students**. Mathletics is **not compulsory** but is recommended as has been shown to help support children's learning in Maths. This programme is online and can be used at home or in the classroom. Teachers will set tasks targeting students learning based on their curriculum level.

This is Edendale's **third round** of subscriptions for the year. The subscription costs **\$40** (normally it is \$99 if you subscribe privately) this includes the cost of certificates, bracelets and other rewards the school provides. The subscription would **start mid June 2019** and run until the **end of February 2020**.

There is further information available on their website www.mathletics.co.nz

If you would like to enrol your child in Mathletics for 2019, payment can be made starting today and our third intake of payments will be **closing on the 14th June**. We strongly encourage payment through the school's Kindo account (Link can be found on our school app or Edendale website <http://www.edendale.school.nz/>), or at the office.

All participation slips must still be signed by parents/caregivers and returned to the office.

Ngā mihi.
Nā.
Jonathan Jackson
Deputy Principal
