

THE SCIENCE ROADSHOW

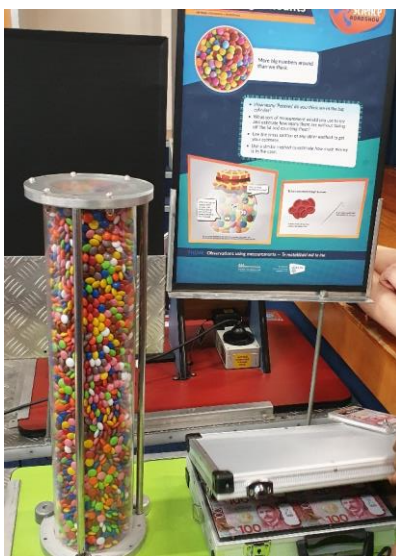

Wheels and Walking

Do you walk, bike, scooter, bus or carpool (with more than one family) to school? Reducing our emissions at Edendale School is a goal and we would like to showcase children and their low emissions travelling. This is an ongoing promotion so please send us your photos to fgillies@edendale.school.nz and ftuck@edendale.school.nz for us to share in the Edendale news. Thank you for helping promote lower emissions at Edendale School.

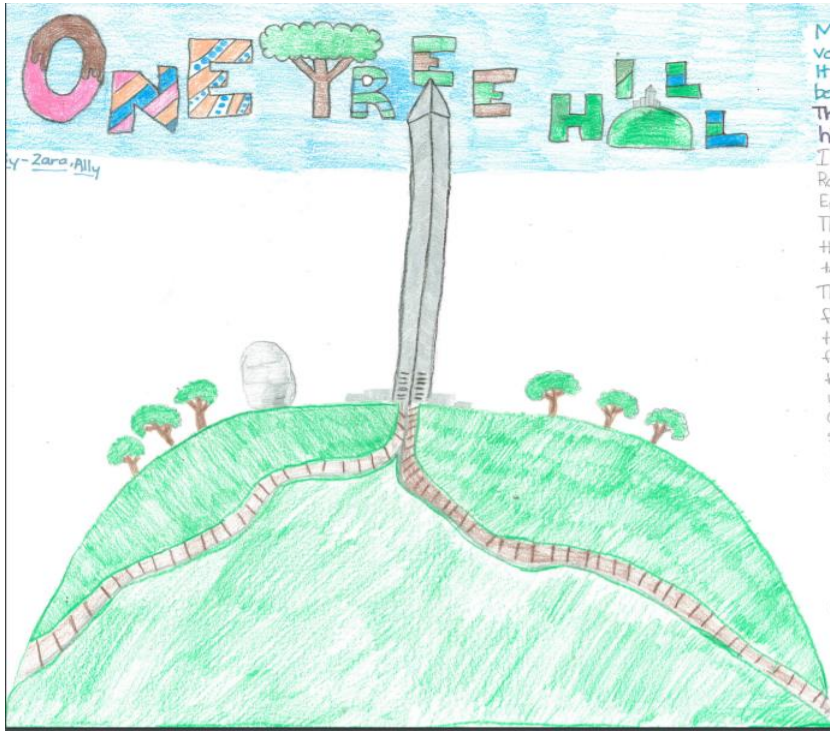

The Science Roadshow took place on Friday 31 May at Edendale school hall. We were lucky to take part and I learnt a lot of things there. One of the things I learnt was that you can lay on a bed of nails and you won't get hurt. Your body weight is distributed amongst the nails...I was nervous but it was fun to try. Science Roadshow was fun. Kavi- R16

Room 16 Coast to Coast Walk Reflection

Maungakiekie/one tree hill is 182-metres volcanic peak in Auckland New Zealand. It is an important memorial place for both Maori and other New Zealanders. The suburb around the base of the hill is also called One tree hill. It is surrounded by the suburbs of Royal Oak to the west, and clockwise Epsom, Green Lane, Oranga and Onehunga. The summit provides views across the Auckland area, and allows visitors to see both of Auckland's Harbour. The hills scoria cone were erupted from three craters - one is intact and two have been breached by lava flows that rafted away part of the side scoria cone. Lava flows went in all directions, many towards Onehunga, covering an area of 20 square kilometres (7.7sq.mi) making it the second largest (in area covered) behind Rangitoto island. The age of eruption is currently unknown, but it is older than 28,500 years as it has a quantity of volcanic ash erupted at that time from Te Tātua-a-Rimukuta volcano.

by - Zara, Ally

Affluent residential Mt Eden is dominated by a volcanic Peak also known as Maungawhau, with hiking and jogging trails leading to views over the Hauraki Gulf. The renowned All Blacks play rugby at Eden park, where cricket matches also draw more crowds. Bookshops and vintage cloth stores line Mount Eden Road, along with many trending cafes and wine bars, while the Aston eatery/sson Dominion road are known for dumplings.

Our Ups And Downs!!!

The most challenging bit for me was walking up the hills and keeping up when my ankles were killing me.

My favourite part was looking at the scenery, hanging with my friends and having lunch!!!

- Amber Wong

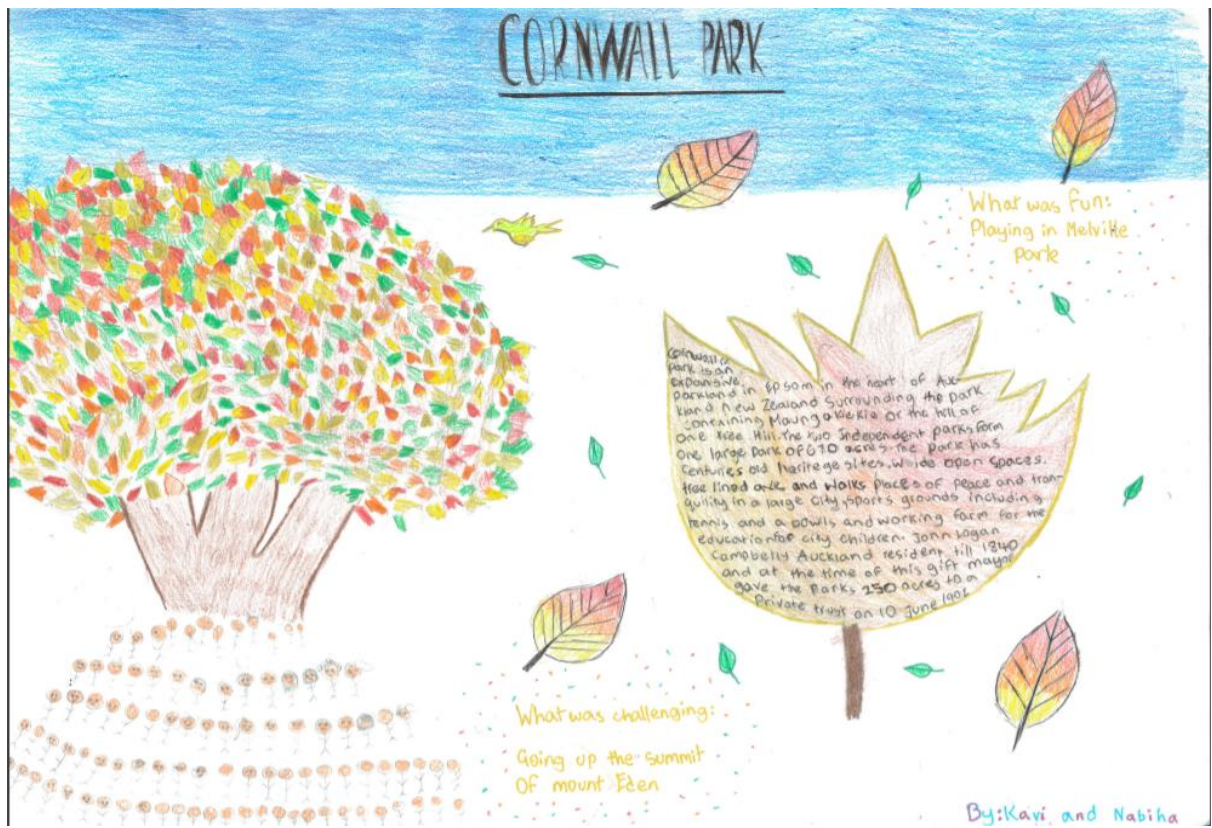

What was Challenging: I found going down the summit of Mt. Eden was a challenge for me.

What was my favourite part: I enjoyed the breathtaking view up of Mt. Eden which is why it's my favourite.

Coast to Coast 'A moment in time' poems

"We did our Coast to Coast poems for our reflection on how we felt, what we saw and what we wondered".

Mahara Rm 17

The Dreaded Walk

I heard the rusty leaves crunching under my aching feet,
 I heard the other children talking to their friends,
 I saw the finish line waiting for me,
 I saw a swarm of children bombarding the road,
 I felt the awful pain in my shaking legs,
 I felt relieved when we stopped for lunch,
 I wondered if I was going to make it to the end,
 I wondered if I was going to need an ambulance

Coast to Coast Walk

I heard excited voices,
 I heard the tweeting of birds,
 I saw trees towering above,
 I saw lots of people walking ahead of me,
 I wondered when we were going to get there,
 I wondered if I was going to die,
 I felt like I was going to die,
 I felt my back-pack bouncing up and down.

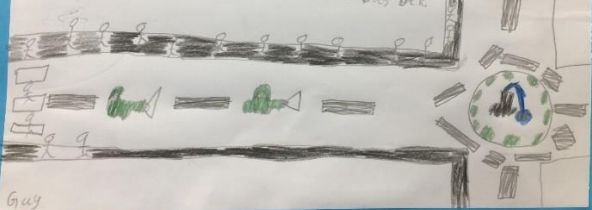

Cranky Coast to Coast

I heard the chirping of the plump wood pigeon,
 I heard the graining of the kids at the back,
 I saw the mossy, unmoved water of the lovely pond,
 I saw kids throwing tiny sticks into the water,
 I felt exhausted as it went on for ever,
 I felt my legs ached with agony,
 I wondered if I would collapse with exhaustion,
 I wondered if it would ever end.

Coast to Coast

I saw the massive Mt Eden crater,
 I saw the bright wood pigeons flying through the air,
 I heard the rough rocks crunching under our feet,
 I felt the trees waving their willow branches,
 I felt the aching weight of my back pack,
 I wondered who would have the same bus bet,
 I wondered if we would have the same bus bet.

Coast to Coast

I saw playful children
 I saw huge trees
 I heard leaves crunching crunching
 I heard people laughing and sobbing
 I felt the pain in my leg like a terra herrie
 I felt myself getting colder in the wind
 I wondered when we would eat,
 I wondered are we do te.

Coast to Coast!

I saw wavy trees swishing in the wind.
 I saw students talking loudly.
 I felt pain in my legs.
 I felt exhausted.
 I heard kids moaning about their pain.
 I heard leaves crunching as I walked on them.
 I wondered if I was going to happily make it to the end.
 I wondered if it was going to rain.

Coast to Coast

Review on R18's Sapasui!

Sapasui is a Samoan dish with an Asian influence. It contains Vermicelli noodles, chopped chicken, vegetables like corn and peas, ginger, garlic, onions and soy sauce. Ours came with a side of the Samoan plant Taro with coconut cream.

Sapasui itself tastes like soy sauce mostly, but there are also other flavours and tastes scattered throughout this meal. For example you taste a hint of meat in your mouth, then you are assaulted by the taste of salt and pepper, followed by a blast of mixed veggies. Follow this up with a slice of juicy pineapple..yum!

Sapasui is a nourishing five star meal that is highly recommended to try, and comes with all the vitamins and nutrition you need to keep a nice and fit body.

Elijah & William - Rm18

Thanks: Nadia, Andrea and Janine

Notices Room 18:

- Now that winter is here, students are welcome to leave some slippers at school
- We have only had a few Science investigations shared. Next week there will be some time available for sharing. Are you ready?

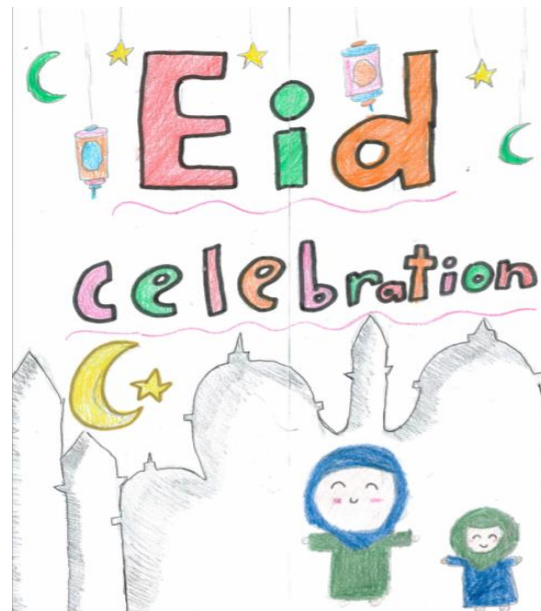

Eid Celebration

On Friday 7 June, we made posters and brochures about Eid followed by a shared lunch. Some people were focusing on clothing and food while others focused on the actual celebration. Here are some facts about Eid Al Fitr:

- It is held to celebrate the end of fasting
- Eid Al-Fitr begins when the new moon is first sighted
- On Eid morning, Muslims cleanse their bodies, don new clothes, pray, exchange gifts and have a feast to celebrate with family and friends

When we had our shared lunch in our class, almost everyone brought food such samosas, dumplings, brownies, spring rolls, cupcakes and many other things to celebrate Eid. It was a very fun time celebrating Eid and being together as a class.

<h1>Eid</h1> <p>Celebrate Enjoy Live Celebrate Believe Ramadan Amazing Terrific</p>		<h2>HOW:</h2> <p>Eid is celebrated by meals, especially late breakfasts and lunches giving money/gifts to kids and homeless as a token of love, gift-giving, helping the poor by giving foods, money, meat and clothes in the name of Zakath. Sacrifice of a sheep, cow, goat, lamb or camel. They also do Eid prayers.</p>	<h2>WHY:</h2> <p>This religious Eid (Muslim religious festival) is the first and only day in the month of Shawwal during which Muslims are not permitted to fast. The holiday celebrates the conclusion of 29 or 30 days of dawn-to-sunset fasting during the entire month of Ramadan.</p>	<h2>WHAT:</h2> <p>Eid means "Festival of the breaking the fast" and occurs on the first day of the lunar month Shawwal after the fasting month of Ramadan. In some regions, Muslims gather on hillsides to watch the moon, and celebrate once the local religious figures declare that Eid has begun.</p>

Room 19's Character Description

SPROUT

Sprout is a mushroom but she's no normal mushroom! Sprout is a living, fluorescent mushroom. Sprout lives in an enchanted forest and eats wild berries she finds during night time. Sprout is 15cm tall and is blue. She has a bow and arrow made from a willow tree. When animals see her, they will usually mistake her for food! Sprout collects berries at night-time because it's when the animals are all asleep. As she glows up, it's no problem for her in finding food.

Rosa- R19

CROISSANT

Hi, I'm a scuba diver and I'm also a polar bear. My name is Cruss...short for Croissant. Yes that's right my name is Croissant. For a living, I scuba dive. I get paid in fish dollars, 6 fish dollars for two hours. To be exact. My parents living quite close to a cold, shivering river that we collected fish from, raised me every morning. I have snow white fur and light brown eyes. I also have a unique line of brown fur right on my back so my family always knows where I am when they see me!

Shayla- R19

Upcoming Events

Wk 7: Wednesday 10-Friday 12 June- Yr 6 Puberty Lessons

Wk 8: Thursday 20 June: PTA Disco

Friday 21 June: MAGS Mega Crew performing to Tuakana and Mahi Tahi teams- 12.15-1.00pm

Wk 9: Thursday 27 June: ANNIE SCHOOL MATINEE show at the ASB Theatre Aotea Centre

Tuakana Team attending 9.00-1.00pm

Friday 28 June: Open morning for Parents 9.00-11.00am

Wk 10: Monday 1 July: Kowhai Intermediate Principal presenting to Yr 6 students- school hall- 9.00-9.45am

Wednesday 3 July- Reports go home

Friday 5 July- Whole School Assembly: Tuakana Team organizing the assembly 9.10-9.40am

School finishes for T2 - 3pm
