

**Edendale**  
Primary School

17 May 2021

Buy your own piece of Edendale...

Our students have been hard at work this term growing food and creating dishes.

The students have decided that they wanted to create a Koha table for the community to share our extra produce as well as selling some of the goodies we create from our Garden to Table programme.

20th of May - 8:20am-9:00am  
Outside the hall

The following items are available:

- Quince paste \$5 or \$10 depending on size
- Mandarin jam \$5
- Coconut curry soup mix \$5
- Edendale multifloral honey \$12

And also seasonal produce from the garden such as silverbeet, rosemary and a whole lot of seeds so you can grow your own as well.

The produce is koha.

We will be looking at doing this in week 6 (10 June) and week 9 (1 July) as well.
